HOW TO REFER

Patients with health insurance

We have agreements with all major insurers. A GP referral is required when patients are using health insurance.

Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients who are paying for themselves

We provide a full range of services to patients who are paying for their own treatment. Patients paying for themselves are covered by our unique Promise, details below.

Interest free loans are also available. Please see our website for further details.

Patients via NHS e-Referral Service

Selected procedures are available to patients accessing treatment through Patient Choice. Our patients can select the most convenient time, date and place of treatment for those NHS services that we have listed on the NHS e-Referral web portal. They can simply access the NHS e-referral website (www.nhs.uk/referrals) and search for Consultants/procedures available at their local Nuffield Health hospital.

For assistance or to find out more about Patient Choice, please contact the Nuffield Health Contact Centre:

 **08000 155 020**

 **08004 715 058**

 **chooseandbook@nuffieldhealth.com**

THE NUFFIELD HEALTH PROMISE

Our patients don't need health insurance to get all the advantages of private healthcare. They can pay for themselves and benefit from our unique Promise.

We can make this Promise because Nuffield Health is a not-for-profit organisation. We don't have shareholders, which means we can reinvest any surplus we make into continually improving patient care.

The Nuffield Health Promise

Our prices are all-inclusive.*

We will equal any comparable price.**

There are no time limits on your aftercare.***

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. Clinically required indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services.

PATHOLOGY & HOSPITAL EQUIPMENT STERILISATION SERVICES

Pathology

Nuffield Health has a national integrated network of Clinical Pathology Accreditation (UK) accredited laboratories.

All Nuffield Health hospitals have pathology facilities available on site or access to one of our nearby laboratories. Linked by a nationwide Pathology IT platform, hospitals can provide accurate lab reports with a quick turnaround and report on outcomes backed by a wealth of data.

All pathology requests/referrals require a referral from a clinician.

Pathology:  **0117 906 4876**

Hospital Sterilisation Services Unit (HSSU) Equipment sterilisation

We are in a unique position to understand the importance of a high quality decontamination service, as this is what we provide to our own hospitals 365 days of the year and to others in the health arena.

The Nuffield Health Advice Centre is able to discuss services available to practices and other clinical commissioners.
