67 Lansdowne Road, Bournemouth, Dorset BH1 1RW

# Welcome to Nuffield Health Bournemouth Hospital.

## Welcome to a healthcare provider with a difference

Our family of award-winning hospitals, fitness and wellbeing clubs, healthcare clinics and workplace wellbeing services are united in our purpose **to build a healthier nation**. For the last 60 years, every single day, our **team of experts** have been working together to make the UK fitter, healthier, happier and stronger. All for the public benefit. So, it's no surprise that we're trusted by the NHS, Private Medical Insurers, employers and the general public to provide exceptional health and wellbeing services to the nation.

As a **trading charity with no shareholders**, we invest all our income back into this vision to build a healthier nation – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first. We constantly strive to help even more people right through the different stages of their lives, or to expand our ability to help those who couldn't normally afford or access our services.

## Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

## How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured
- NHS e-Referral Service – patient choice
- NHS e-Referral Service – via local contract

### Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

### Patients who are paying for themselves

Patients who want to fund their own treatment we can provide a range of services. All our patients are covered by the Nuffield Health Promise, and there is also the option of an interest-free loan.

### Patients via NHS e-Referral Service

Your patients can also be referred via the NHS e-Referral Service – formerly choose and book ([www.nhs.uk/referrals](http://www.nhs.uk/referrals)). You and your patients can select the most convenient time, date and place of treatment for those NHS services that we currently have listed on the NHS e-Referral Service web portal.

## Contact details

Please call our customer services team on **01202 702830**

Fax us **01202 842305**

Email [bourneouth\\_enquiries@nuffieldhealth.com](mailto:bourneouth_enquiries@nuffieldhealth.com)

Email [nh.bournemouth.customerservices@nhs.net](mailto:nh.bournemouth.customerservices@nhs.net)

### Nuffield Health Bournemouth Hospital

67 Lansdowne Road, Bournemouth, Dorset BH1 1RW

## Primary care

If you have any questions about Nuffield Health Bournemouth Hospital please get in touch.

**Shirley Ewart**  
Primary Care Manager  
**01202 702830**  
[Shirley.Ewart@nuffieldhealth.com](mailto:Shirley.Ewart@nuffieldhealth.com)  
[Shirey.Ewart@nhs.net](mailto:Shirey.Ewart@nhs.net)

We host free educational events for local GPs delivered by our specialist consultants. We also run in-house surgery events normally over a lunchtime for GPs/clinical staff. Contact me if you are interested in taking part in our GP Education programme.

# Discover Nuffield Health Bournemouth Hospital.

## Key facilities

### Medical cover

24hr resident medical officer, general, surgical and anaesthetic.

### Patient accommodation

41 residential patient rooms with en-suite facilities, nurse call system, direct dial telephone, Wi-Fi, TV and radio.

### Theatre and support services

3 operating theatres including 2 with laminar flow, cardiac interventional suite, 1 endoscopy suite and 2 minor ops theatres.

### MAKO™ robotic-arm assisted surgery

We are very proud of our state-of-the-art MAKO™ robotic arm, which provides assisted orthopaedic reconstructive surgery. Nuffield Health is one of the first private hospitals in the UK to invest in this pioneering technology. The MAKO™ robotic arm assists in partial and full knee replacements as well as total hip replacements.

### Radiology

MRI (static) cardiac enabled, CT scanner, mammography, DEXA scan, X-Ray, ultrasound.

### Paediatrics

We have a dedicated team of experienced children's nurses who work closely with consultants in dermatology, ENT, general medicine, ophthalmology, oral and maxillofacial surgery, orthopaedics and psychology.

### Outpatient services

Including:

- 14 consulting rooms
- Ophthalmic suite
- Physiotherapy
- Hydrotherapy pool
- Pharmacy
- Private GP service
- Nurse-led pre-assessment

### Cardiac interventional suite

We are extremely proud of our cardiac interventional suite being the first dedicated private cardiac facility in the UK to use the new Artis Q. The Artis Q uses unique X-ray tube technology taking performance and precision to an unprecedented level. The enhanced image quality increases the visibility of small blood vessels and stents up to 70% and also helps reduce the radiation dose to the patients and staff by 60%.

We offer a rapid service providing clinical assessment followed by appropriate tests including Echo, CT, MRI, coronary angiogram and angioplasty/stenting.

We perform a range of invasive cardiac procedures including electrophysiology to include ablation (cryoablation and CartoD3 mapping), OCT, pressure wire assessment, rotablation, implantable loop recorders, implantable cardioverter defibrillators and pacemakers. We also have a post-procedural care unit.

In May 2019 we became the first independent hospital in Dorset to launch a new cardiology service which uses cutting-edge GPS technology to accurately detect and guide treatment strategies for complex heart arrhythmia conditions. This new service uses the CartoD3 mapping system to generate a sophisticated three dimensional anatomical map of a patient's heart and thorax and provides accurate diagnosis and guidance for treatment of more complex conditions.

Our Cardiac Assessment Programme is designed to diagnose unidentified heart disease and is available to patients who wish to pay for themselves and does not require a direct GP referral.

We are now delighted to offer cardio pulmonary exercise testing, using the latest Vyaire Vyntus system, and managed by our team of consultant cardiologists and special cardiology team of physiologists and nurses. This is a non-invasive investigation performed on a Wattbike, and used to assess the performance of the heart and lungs at rest and during exercise.

To enquire further on any of the services call **01202 702286** or e-mail [cardiology.bournemouth@nuffieldhealth.com](mailto:cardiology.bournemouth@nuffieldhealth.com).

### Transport

Our hospital is situated on Lansdowne Road within walking distance of Bournemouth train station and many of the main bus routes stop outside the hospital.

# Quick and easy access to a first class cardiology service.

The Nuffield Health Bournemouth Heart Clinic is delighted to offer a dedicated cardiology service for the assessment and treatment of cardiovascular disease. This state-of-the-art facility offers first class healthcare from top cardiologists to private patients, in a safe and caring environment.

Our range of diagnostic investigations and interventional procedures include:

- Out-patient consultations with a consultant cardiologist
- Echocardiology
- Transoesophageal echocardiology
- Ambulatory ECG and blood pressure monitoring
- Instant check recorder
- Exercise ECG stress testing
- Cardiac CT
- Cardiac MRI
- Cardio pulmonary exercise testing

Invasive cardiac testing is performed in our interventional suite. We are able to provide the following:

- Coronary angiography
- Electrophysiology to include ablation (cryoablation and Carto® 3 mapping)
- Intravascular ultrasound
- Optical coherence tomography
- Pressure wire assessment of coronary arteries
- Rotablation
- Implantable loop recorders
- Implantable cardioverter defibrillators
- Cardiac resynchronisation therapy pacemaker

**What will it cost?**

We have an open, transparent pricing policy where patients only pay one fixed fee per consultation, investigation or treatment. We will discuss the costs in full with the patient.

## Associated services.

### Health assessments

Whether patients want a broad outline of their health or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns, like diabetes, heart health, cancer risk and emotional wellbeing.

With four options to choose from, patients have the choice of picking an assessment that meets their needs, with all of the following coming as standard:

- Results given straight away
- Personalised report with test results and next steps
- Quick and easy referrals (if needed)

### Physiotherapy

Our hospital is home to one of Nuffield Health's specialist physiotherapy centres, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. We are also able to offer a hydrotherapy pool for physiotherapy services.

Our team are listed in the physiotherapy section of this directory – alternatively, call us on **03450 454845**.

## Award winning healthcare.

At Nuffield Health, we're proud that we have the highest **Care Quality Commission** ratings in the private hospital sector. For the third year running, we were named Private Hospital Group of the year at the **HealthInvestor Awards** and for the second year running at the **LaingBuisson Awards**.

We can be trusted to provide excellent treatment and care.

# Building a healthier nation.

Welcome to Nuffield Health, the UK's largest healthcare charity. As a **trading charity with no shareholders**, we invest all our income back into our family of award-winning **31** hospitals, **112** fitness and wellbeing clubs, healthcare clinics, over **200** on-site workplace wellbeing services, as well as developing flagship charitable activities supporting our communities – all to realise our vision **to build a healthier nation**.

Welcome to Nuffield Health. Specialists in you.

THE  
NUFFIELD  
HEALTH  
PROMISE

## Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That's reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

### OUR PRICES ARE ALL-INCLUSIVE\*

The confirmed price is all your patient will ever pay.

### WE WILL EQUAL ANY COMPARABLE PRICE\*\*

If they find a better price for the same procedure package, we'll match it.

### THERE ARE NO TIME LIMITS ON AFTERCARE\*\*\*

We'll be there for as long as they need us.

\*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. \*\*Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. \*\*\*Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. "Clinically required" indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at [nuffieldhealth.com/promise](https://nuffieldhealth.com/promise).

Nuffield Health is a Registered Charity. Our objective is to advance, promote and maintain health and healthcare of all descriptions and to prevent, relieve and cure sickness and ill health of any kind, all for the public benefit. Registered Charity Numbers 205533 (England and Wales) and SC041793 (Scotland).
