

Building a healthier nation

We are the UK's largest healthcare charity. For the last 60 years, our team of experts have been working together to make the nation fitter, healthier, happier and stronger, all for the public benefit.

As a trading charity with no shareholders, we invest all our income back into our family of award-winning 31 hospitals, 112 fitness and wellbeing clubs, healthcare clinics and over 200 on-site workplace wellbeing services, as well as developing flagship charitable activities supporting our communities – all to realise our vision to build a healthier nation.

Problem with your heart? No need to wait.

At Nuffield Health Bournemouth Hospital

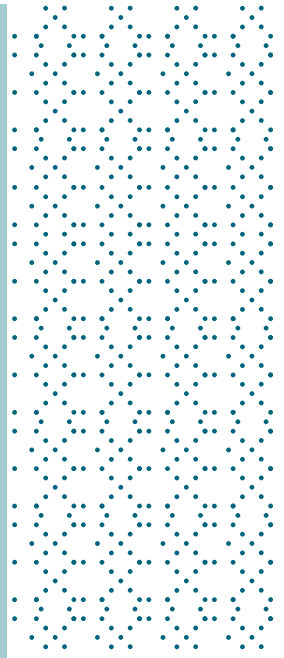

About Nuffield Health Heart Clinic

The Nuffield Health Bournemouth Heart Clinic is delighted to offer a dedicated cardiology service for the assessment and treatment of cardiovascular disease. This brand new, state-of-the-art centre offers first class healthcare from top cardiologists to private patients in a safe and caring environment.

The clinic provides a first class service led by a team of very experienced and well respected consultant cardiologists from Dorset and the surrounding areas.

They are supported by a team of physiologists, radiographers, nurses and cardiac recovery staff.

Services we offer

Our range of diagnostic investigations and interventional procedures includes:
