Welcome to Nuffield Health Brighton Hospital.

Welcome to a healthcare provider with a difference

Our family of award-winning hospitals, fitness and wellbeing clubs, healthcare clinics and workplace wellbeing services are united in our purpose **to build a healthier nation**. For the last 60 years, every single day, our **team of experts** have been working together to make the UK fitter, healthier, happier and stronger. All for the public benefit. So, it's no surprise that we're trusted by the NHS, Private Medical Insurers, employers and the general public to provide exceptional health and wellbeing services to the nation.

As a **trading charity with no shareholders**, we invest all our income back into this vision to build a healthier nation – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first. We constantly strive to help even more people right through the different stages of their lives, or to expand our ability to help those who couldn't normally afford or access our services.

Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured
- NHS via local contract

Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients who are paying for themselves

For patients who want to fund their own treatment we can provide a range of services. All our patients are covered by the Nuffield Health Promise, and there is also the option of an interest-free loan.

Interest-free medical loans

Your patients can spread the cost of treatment using our financial partner Zebra Finance, part of the Chrysalis Finance Group, who offer interest-free and interest-bearing medical loans. The advisors at Zebra Finance can help your patients work out what the best options are.

Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That's reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

OUR PRICES ARE ALL-INCLUSIVE*

The confirmed price is all your patient will ever pay.

WE WILL EQUAL ANY COMPARABLE PRICE**

If they find a better price for the same procedure package, we'll match it.

THERE ARE NO TIME LIMITS ON AFTERCARE***

We'll be there for as long as they need us.

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. "Clinically required" indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure.
