# Welcome to Nuffield Health Bristol Hospital, The Chesterfield.

## Welcome to a healthcare provider with a difference

As one of the UK's leading not-for-profit healthcare organisations, we've been looking after people for more than 60 years. Today, we continue to put people before profit, working in partnership with the NHS to benefit the community as a whole.

How we do it: by bringing together our hospitals, clinics and Fitness & Wellbeing clubs to create a complete network of health services that are built around the individual. Our goal: to get your patients fit and healthy... and then help them stay that way.

Because we have no shareholders, we invest all our profits back into improving the health and wellbeing services we offer. We can do this because we're a trading charity, so we have no shareholder demands to meet. Instead, our focus is on the patients we treat – putting their wellbeing first in everything we do.

## Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

## How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured
- NHS e-Referral Service – patient choice

### Patients with health insurance

We have agreements with all major insurers. In most cases, a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

### Patients who are paying for themselves

For patients who want to fund their own treatment, we can provide a range of services. All our patients are covered by the Nuffield Health Promise, and there is also the option of an interest-free loan.

### Patients via NHS e-Referral Service

Your patients can also be referred via the NHS e-Referral Service – formerly 'choose and book' ([www.nhs.uk/referrals](http://www.nhs.uk/referrals)). You and your patients can select the most convenient time, date and place of treatment for those NHS services we currently have listed on the NHS e-Referral Service web portal.

Call **08000 155020**

Fax **08004 715058**

- Ultrasound
- OPG
- MRI (static)
- CT
- Echocardiology

We put our patients  
at the heart of  
everything we do.

Nuffield Health is one of the leading not-for-profit UK healthcare organisations, looking after people for more than 60 years.

As a trading charity, we do not have investors or shareholders to answer to – our patients and customers come first. We invest all our income back into running and developing our health and wellbeing sites and services, and pioneering new models of care and delivery so that more people can benefit.

Vascular Surgery				
Mr William Neary	Vascular surgery, varicose veins and laparoscopic surgery.	0117 9064870	0117 9254909	SMD

# Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That's reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

**OUR PRICES ARE ALL-INCLUSIVE\***  
The confirmed price is all your patient will ever pay.

**WE WILL EQUAL ANY COMPARABLE PRICE\*\***  
If they find a better price for the same procedure package, we'll match it.

**THERE ARE NO TIME LIMITS ON AFTERCARE\*\*\***  
We'll be there for as long as they need us.

\*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. \*\*Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. \*\*\*Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. "Clinically required" indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at [nuffieldhealth.com/promise](https://nuffieldhealth.com/promise).

## Health assessments

Whether patients want a broad outline of their health, or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns, like diabetes, heart health, cancer risk and emotional wellbeing.

With four options to choose from, patients have the choice of picking an assessment that meets their needs, with all of the following coming as standard:

- Results given straight away
- Personalised report with test results and next steps
- 10-day gym trial to start the journey towards improved health
- Quick and easy referrals (if needed)

## Local Fitness & Wellbeing clubs

The most important thing to us is getting your patients fit and healthy with our network of fitness experts and cutting-edge facilities. Our clubs have a huge range of facilities and services available and gives you access to our on-site experts including personal trainers and physiotherapists, plus regular Health MOTs.

**0117 4058289**

**Nuffield Health Weston-super-Mare Fitness & Wellbeing club**  
168 Locking Road, Weston-super-Mare BS23 3HG  
**01934 806556**

## Recovery Plus

Refer a patient to Nuffield Health and their treatment doesn't end once they leave hospital. Thanks to our flagship Recovery Plus programme, your patients have all the support they need to get well – and stay healthy – long after their procedure has taken place.

An optional enhanced recovery pathway that begins after patients have finished their post-operative care, Recovery Plus embodies Nuffield Health's end-to-end approach to complete healthcare, bringing together a wide range of healthcare services across Nuffield Health hospitals and Fitness & Wellbeing clubs.

Recovery Plus is free to all private Nuffield Health patients.

## Physiotherapy

Our hospital is home to one of Nuffield Health's specialist physiotherapy centres, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. Our team are listed in the physiotherapy section of this directory – alternatively, call us on **0800 1218835**.

## Diagnostic imaging services

Nuffield Health has comprehensive imaging capabilities delivered through our 31 hospitals. We provide a wide range of imaging modalities including MRI, CT, X-ray, Ultrasound, Mammography and DXA. Our consultant-led service ensures that your referral will be reported by an experienced radiologist.

Current diagnostic services available at Nuffield Health Bristol Hospital include:

- MR – wide bore scanner
- CT
- DR X-ray
- Theatre X-ray
- DR mammography
- Ultrasound
