

Nuffield Health Derby Hospital.

Newsflash

GP & Practice Colleagues Issue 25 - 2015

Welcome.

Welcome to the latest edition of our hospital's GP Newsflash where you will find a whole host of information on the services we offer at the hospital including recently appointed Consultants.

The summer was a very busy time for us as we prepared for our CQC inspection in October.

I would like to take the opportunity on behalf of everyone at the hospital to congratulate Mr Timothy Wilton – Consultant Orthopaedic Surgeon in being elected into the role of President of The British Orthopaedic Association! (see article alongside).

I hope you enjoy reading all the exciting news about our hospital.

Tony Avery
Hospital Director,

Private is Another Choice

Although private healthcare may not be appropriate for everyone, some of your patients will have private medical insurance – but for one reason or another they don't use it. There will also be patients who, while they don't have insurance, may not realise that they can be treated privately by paying for themselves. For both these groups of people Nuffield Health offers you and your patients' choice of speed of access, while at the same time relieving pressure on the NHS.

Many of the country's leading Consultants choose to base some or all of their private practice at Nuffield Health; and together we offer a wide range of services in our 31 hospitals. Our emphasis is on the highest quality standards, and we are proud to be the only independent hospital awarded the NHS Litigation Authority Level 3 (NHSLA 3) accreditation for risk management. All this combined with genuinely individual customer care.

To give your patients a choice, please don't forget that we're here; it's good for them, for you, and ultimately the NHS as a whole.

Congratulations to Mr Timothy Wilton (right) at his inauguration to President of the British Orthopaedic Association!

Tim Wilton did his medical undergraduate training at Oxford and at UCH medical school. As a post-graduate he trained in orthopaedics at Nottingham University Hospital, Harlow Wood Orthopaedic Hospital, Derby Hospitals and the University Hospital of Wales, with early appointments at RNOH and UCH.

He undertook travelling fellowships in North America, Strasbourg, Bern and Ljubljana.

He has an entirely elective practice in lower limb arthroplasty and arthritis surgery and has specialised in knee replacement and knee revision surgery for the last 20 years since being appointed as a Consultant in Derby in 1990.

He has a lifetime experience of over 2500 hip and 3000 knee replacements. Mr Wilton has worked at the Nuffield Health Derby Hospital since 1991 with practices in both private and NHS.

For further information or to refer your patient to Mr Wilson please contact Nuffield Health Derby Hospital on **01332 540100**
