Stirling Road, Guildford, Surrey GU2 7RF

Welcome to Nuffield Health Guildford Hospital.

Welcome to a healthcare provider with a difference

Our family of award-winning hospitals, fitness and wellbeing clubs, healthcare clinics and workplace wellbeing services are united in our purpose **to build a healthier nation**. For the last 60 years, every single day, our **team of experts** have been working together to make the UK fitter, healthier, happier and stronger. All for the public benefit. So, it's no surprise that we're trusted by the NHS, private medical insurers, employers and the general public to provide exceptional health and wellbeing services to the nation.

As a **trading charity with no shareholders**, we invest all our income back into this vision to build a healthier nation – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first. We constantly strive to help even more people right through the different stages of their lives, or to expand our ability to help those who couldn't normally afford or access our services.

Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured

Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients who are paying for themselves

For patients who want to fund their own treatment we can provide a range of services, with the option of an interest-free loan. All our self-funded patients are covered by the Nuffield Health Promise.

Interest-free medical loans

Your patients can spread the cost of treatment using our financial partner Zebra Finance who offer interest-free and interest-bearing medical loans. The advisors at Zebra Finance can help your patients work out what the best options are.

Zebra Health Finance part of Chrysalis Finance Group.

Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That’s reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

OUR PRICES ARE ALL-INCLUSIVE*
The confirmed price is all your patient will ever pay.

WE WILL EQUAL ANY COMPARABLE PRICE**
If they find a better price for the same procedure package, we’ll match it.

THERE ARE NO TIME LIMITS ON AFTERCARE***
We’ll be there for as long as they need us.

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. "Clinically required" indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at nuffieldhealth.com/promise.

Building a healthier nation.

Welcome to Nuffield Health, the UK’s leading not-for-profit healthcare organisation. As a **trading charity with no shareholders**, we invest all our income back into our family of award-winning **31** hospitals, **112** fitness and wellbeing clubs, healthcare clinics, over **200** on-site workplace wellbeing services, as well as developing flagship charitable activities supporting our communities – all to realise our vision to **build a healthier nation**.

Welcome to Nuffield Health. Specialists in you.

Recovery Plus.

Recovery Plus is Nuffield Health’s flagship recovery programme available free of charge to private patients at Nuffield Health Hospitals.

Recovery Plus embodies Nuffield Health’s complete end-to-end approach to healthcare. It is an optional enhanced recovery pathway that starts after patients have finished their post-operative physiotherapy and enables them to continue their recovery at a Nuffield Health Fitness & Wellbeing club, at no extra cost.

Recovery Plus provides patients with a personal recovery programme, including Health MOT, exercise and diet advice, together with a 3-month membership at their local Nuffield Health Fitness & Wellbeing club and their own recovery coach. So patients will be doing everything they can to maximise their recovery.

Recovery Plus is available to our private patients for over 25 orthopaedic and gynaecological procedures. This includes ACL reconstruction, chondroplasty, spinal fusion, foot osteotomy, knee replacement, hip replacement, hysterectomy, frozen shoulder and more.

Recovery Plus.

Getting your patients back to doing the things they love

Associated services.

Health assessments

Whether patients want a broad outline of their health or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns, like diabetes, heart health, cancer risk and emotional wellbeing.

With four options to choose from, patients have the choice of picking an assessment that meets their needs, with all of the following coming as standard:

- Results given straight away
- Personalised report with test results and next steps
- 30-day gym trial to start the journey towards improved health
- Quick and easy referrals (if needed)

Local Fitness & Wellbeing clubs

The most important thing to us is getting your patients fit and healthy with our network of fitness experts and cutting-edge facilities. Our clubs have a huge range of facilities and services available and gives you access to our on-site experts including personal trainers and physiotherapists, plus regular Health MOTs.

Our local Fitness & Wellbeing clubs

Nuffield Health Guildford Fitness & Wellbeing club

Physiotherapy

Our hospital is home to one of Nuffield Health’s specialist physiotherapy centres, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. Our team at this hospital are listed in the physiotherapy section of this directory or alternatively, call us on **0800 1218 835**.

Diagnostic imaging services

Nuffield Health has comprehensive imaging capabilities delivered through our 31 hospitals. We provide a wide range of imaging modalities including MRI, CT, X-ray, Ultrasound, Mammography and DXA. Our consultant-led service ensures that your referral will be reported by an experienced radiologist.

Current diagnostic services available at Nuffield Health Guildford Hospital include:

- Highly qualified and experienced radiologists
- Excellent standard of equipment, producing high quality scans
- X-ray (new digital radiology system)
- 2 ultrasound rooms run by consultant radiologists, all examinations covered except 3-D maternity, and any maternity scanning
- MRI, 3T wide bore scanner
- CT, 128 slice scanner cardiac optimised
- Digital mammography, screening and part of a one stop clinic with breast surgeon
- Dental OPG, cone beam CT scanners
- High levels of comfort and safety

Orthopaedics

At Nuffield Health Guildford Hospital, we can provide you with rapid access to a range of upper and lower limb treatments. Our highly experienced consultant orthopaedic surgeons are experts in their chosen field and are renowned for their consistently successful surgical outcomes.

Paediatrics

We offer a wide range of children's services, including day case surgery, pre-assessment appointments, overnight stays where required and paediatric outpatient appointments. We can perform surgery on children aged 3-16 years and see children of all ages in our outpatient clinics.

Ophthalmology

Our specialist eye clinic in Guildford is run by our highly experienced ophthalmologists. They are well known both locally and nationally for having built a strong reputation for delivering excellent patient outcomes. Their extensive knowledge, as well as access to the latest medical technology, means they can offer advice, diagnose and treat a wide range of eye conditions.

ENT – Ear Nose & Throat

Our highly trained consultants are able to recognise, advise and treat a wide variety of ENT conditions in both adult and paediatric patients.

Pathology

Nuffield Health has a national, integrated laboratory testing service with a network of fully accredited laboratories around the country. Linked by a nationwide pathology IT platform, hospitals can provide accurate lab reports with a quick turnaround and feedback on outcomes backed by a wealth of data. All pathology requests require a referral from a clinician.
