Nuffield Health Ipswich Hospital
Foxhall Road, Ipswich, Suffolk IP4 5SW

Welcome to Nuffield Health Ipswich Hospital.

Welcome to a healthcare provider with a difference

Our family of award-winning hospitals, fitness and wellbeing clubs, healthcare clinics and workplace wellbeing services are united in our purpose **to build a healthier nation**. For the last 60 years, every single day, our **team of experts** have been working together to make the UK fitter, healthier, happier and stronger. All for the public benefit. So, it's no surprise that we're trusted by the NHS, Private Medical Insurers, employers and the general public to provide exceptional health and wellbeing services to the nation.

As a **trading charity with no shareholders**, we invest all our income back into this vision to build a healthier nation – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first. We constantly strive to help even more people right through the different stages of their lives, or to expand our ability to help those who couldn't normally afford or access our services.

Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured

Patients who are paying for themselves

For patients who want to fund for their own treatment we can provide a range of services. All our patients are covered by the Nuffield Health Promise, and there is also the option of an interest-free loan.

Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Main referral line.

GP Education Programme.

Our free GP Education Programme is a great, easily accessible way to fulfil your CPD requirements. All sessions are free and are all CPD-accredited and catered for.

Lunch and Learns – these sessions can be delivered on-site at your surgery and cover over 15 specialisms.

Evening education at Nuffield Health Ipswich Hospital – held on a monthly basis and presented by multi-disciplinary consultant colleagues where appropriate, these lively and interactive sessions cover a range of surgical and non-surgical topics.

For information on events taking place at Nuffield Health Ipswich Hospital please visit our website, telephone **07342 059 520** or email **henry.tapp@nuffieldhealth.com**.

Please get in touch if there are any topics your clinicians are especially interested in. If a consultant or topic isn't listed that you would like, please feel free to ask and we can explore for you.

Meet your GP liaison contact

GP education and liaison at Nuffield Health Ipswich Hospital is managed by Henry Tapp, an established member of the team now for over three years. Henry's primary focus is on ensuring effective working relationships with consultants and GPs and working with the healthcare community to facilitate exceptional service levels and rapid access for patients.

Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That’s reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

OUR PRICES ARE ALL-INCLUSIVE*

The confirmed price is all your patient will ever pay.

WE WILL EQUAL ANY COMPARABLE PRICE**

If they find a better price for the same procedure package, we’ll match it.

THERE ARE NO TIME LIMITS ON AFTERCARE***

We’ll be there for as long as they need us.

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer’s expected prosthesis lifetime. “Clinically required” indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at nuffieldhealth.com/promise.

Associated services.

Health assessments

Whether patients want a broad outline of their health or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns, like diabetes, heart health, cancer risk and emotional wellbeing.

With four options to choose from, patients have the choice of picking an assessment that meets their needs, with all of the following coming as standard:

- Results given straight away
- Personalised report with test results and next steps
- 30-day gym trial to start the journey towards improved health*
- Quick and easy referrals (if needed)

Progress Plus at Ipswich

Progress Plus is a unique service provided at Nuffield Health Ipswich Hospital for patients having total hip and knee replacement. The service offers an enhanced recovery programme once patients have finished their post-operative care.

Once outpatient physiotherapy is completed, patients can benefit from:

- Three months access to the physiotherapy gym space and equipment during timed sessions for unsupervised exercise.
- An initial review with a physiotherapist to create an individual exercise programme based on personal activity goals, then a further review at 10 weeks to monitor progress.
- An opportunity to speak with the physiotherapist during the first 30 minutes of each time session, plus physiotherapy assistant support.

This enables patients to get stronger, fitter and more confident to stay healthy in the future.

*Nearest Nuffield Health Fitness & Wellbeing clubs are located at Chelmsford and Norwich

Award winning healthcare.

At Nuffield Health, we're proud that we have the highest **Care Quality Commission** ratings in the private hospital sector. For the third year running, we were named Private Hospital Group of the year at the **HealthInvestor Awards** and for the second year running at the **LaingBuisson Awards**.

We can be trusted to provide excellent treatment and care.

Recovery Plus

Refer a patient to Nuffield Health and their treatment doesn't end once they leave hospital. Thanks to our flagship Recovery Plus programme, your patients have all the support they need to get well – and stay healthy – long after their procedure has taken place.

An optional enhanced recovery pathway that begins after patients have finished their post-operative care, Recovery Plus embodies Nuffield Health's end-to-end approach to complete healthcare, bringing together a wide range of healthcare services across Nuffield Health hospitals and Fitness & Wellbeing clubs.

Recovery Plus is free to all Nuffield Health patients who pay for their own treatment.

Physiotherapy

Our hospital is home to one of Nuffield Health's specialist physiotherapy centres, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. Our team at this hospital are listed in the physiotherapy section of this directory – alternatively, call us on **0800 1218835**.

Diagnostic imaging services

Nuffield Health has comprehensive imaging capabilities delivered through our 31 hospitals. We provide a wide range of imaging modalities including MRI, CT, X-ray, Ultrasound, Mammography and DXA. Our consultant-led service ensures that your referral will be reported by an experienced radiologist.

Current diagnostic services available at Nuffield Health Ipswich Hospital include:

- MRI (static)
- CT (static)
- General X-ray
- Ultrasound: general
- Digital mammography
- DXA scanning
- Fluoroscopy
- Dental

Pathology

Nuffield Health has a national, integrated laboratory testing service with a network of fully accredited laboratories around the country. Linked by a nationwide pathology IT platform, hospitals can provide accurate lab reports with a quick turnaround and feedback on outcomes backed by a wealth of data. All pathology requests require a referral from a clinician.

Claire Smith
Pathology Manager
01473 277590

Hospital sterile services unit (HSSU)

Nuffield Health's HSSU offers a bespoke decontamination service for re-useable medical devices (surgical instruments) from seven purpose built units throughout England, with access to fully supported and expert mobilisation and transition planning.
