

# J.P.Morgan Medical Centre at 25 Bank Street.

A guide to our services

**Whether you're a fine diner, a seasoned traveller, a sports fanatic, a socialiser or a workaholic, your health gives you the freedom you need to pursue all of life's passions. So treat it well.**

J.P.Morgan Medical Centre at 25 Bank Street is a premium medical facility for people who like to keep up with the pace of modern day living – without compromising on their health. We offer a full range of health and wellbeing services, a high level of clinical excellence and a personal approach to patient care that accommodates your every need.

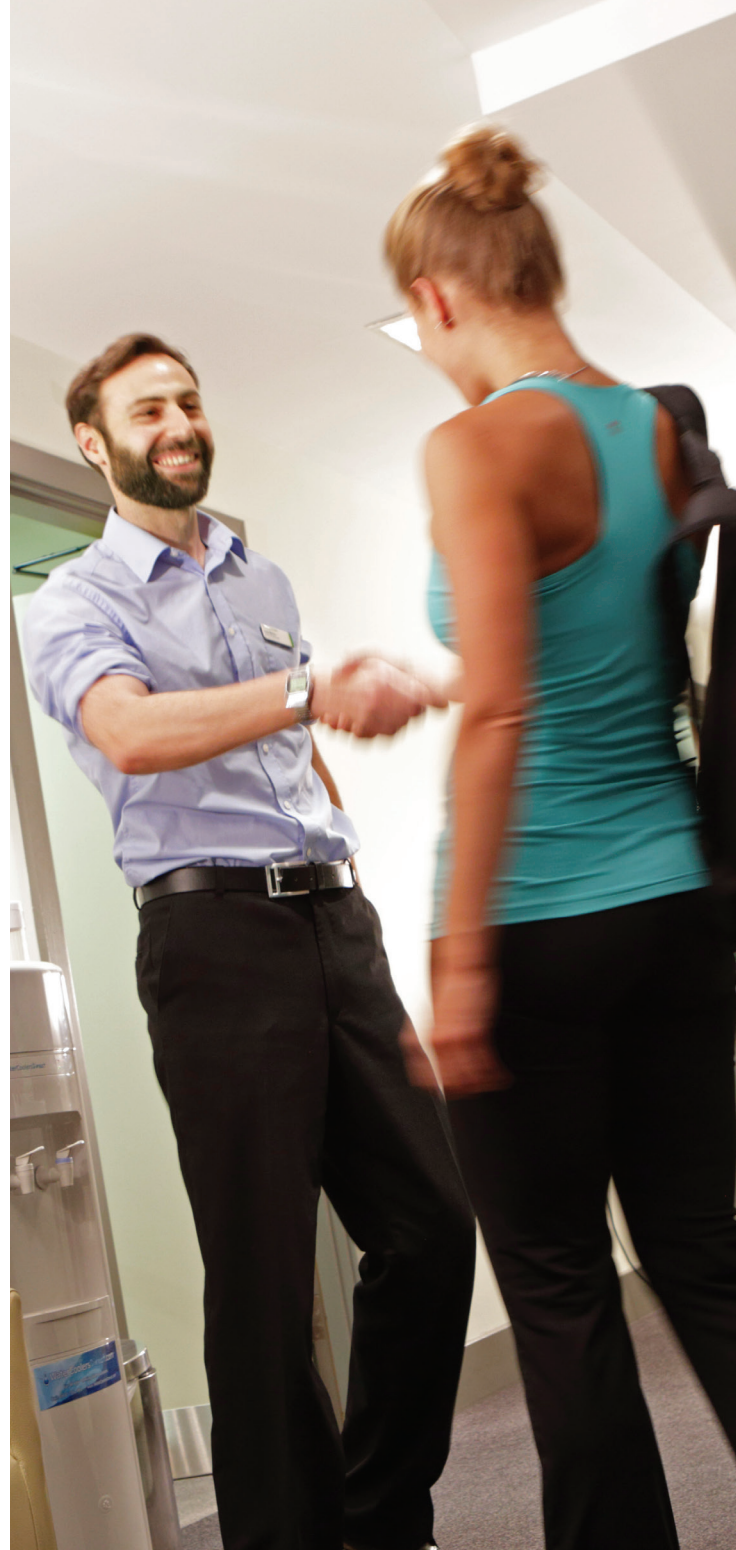

# It's Personal.

At Nuffield Health, our healthcare solutions are inspired by you, which is why we consider your medical history, your lifestyle, your fitness and your diet, before deciding on appropriate treatment. It's an approach that allows us to mirror your needs more accurately and has helped us become the UK's leader in health, fitness and wellbeing.

We also appreciate the finer points of personal care – like making sure you get a diagnosis quickly, and taking the time to fully explain any medical terminology. Because, over the years we've learnt that these details make an important difference.

At the J.P.Morgan Medical Centre at 25 Bank Street, attention will be paid to your individual health journey, ensuring that you receive the best possible health care prescription and follow-up for your specific needs.

# It's got everything you need.

The J.P.Morgan Medical Centre at 25 Bank Street has an impressive range of services on offer – from preventative treatments and advice to complementary therapies and ongoing care.

Here's what you can expect:

## **Lifestyle Health Assessments**

The Lifestyle Health Assessment is a complimentary service available biennially to all permanent J.P.Morgan employees as part of their Employee Benefits.

It is a 60 minute appointment involving an in depth consultation and a full report on the following health factors: height, weight, BMI, body fat percentage, waist to hip ratio, hydration, lifestyle, blood pressure, urine, cholesterol and blood glucose. The Lifestyle Health Assessments are delivered onsite by a Nuffield Health Physiologist five days a week.

## **Meet Our Experts**

We have a host of Experts who regularly visit to share their knowledge and expertise. Topics include sleep, nutrition, work/life balance and back pain to name a few.

## **Nurse Consultations**

A nurse service is available to offer you general health advice. Nurse consultations are free of charge and available Monday to Friday.

## **Travel Service**

If you're looking for tips or advice before going on your travels, come along to our travel service and we'll be delighted to help. While the Travel Service is delivered free of charge by the Nurse, any vaccines you might need will incur additional charges. Please note that we are not a Yellow Fever Centre.

## **Additional Services**

To make sure every patient receives the individual care and support they deserve, we offer a number of bespoke services such as Smoking Cessation, Repeat Pill prescriptions and Cervical Smears. Please check locally for times, availability and fees.

## GP Consultations

If you have a busy schedule, a private GP is the perfect way to make sure your health doesn't get sidelined.

For a £45 fee per 15 minutes appointment, our GPs offer a wide range of services, including private prescriptions or referrals. Available Monday to Friday, they can request blood tests and imaging if further investigations are required. Please be aware that these will involve additional charges which may not be covered by your Private Medical Insurance provider.

Through your Employee Benefits, you can also select the GP Bundle. This offers you the opportunity to access unlimited GP Service Sessions for £117 per annum.

**The J.P.Morgan Medical Centre at 25 Bank Street does not replace your registered NHS GP.**

Please note that this is not an urgent care service and clients can only be seen via booked appointments.

We cannot manage Chronic Disease (including but not exclusive to: hypertension, diabetes, chronic kidney disease) nor offer the monitoring of any drugs such as Methotrexate and Lithium.

We are also unable to see anyone under the age of 18 or for consultations concerning pregnancy related enquiries.

# It's accessible.

Feel free to come along and see for yourself what makes us so special.
