Nuffield Health Newcastle Hospital
Clayton Road, Jesmond, Newcastle upon Tyne NE2 1JP

Welcome to Nuffield Health Newcastle Hospital.

Welcome to a healthcare provider with a difference

Our family of award-winning hospitals, fitness and wellbeing clubs, healthcare clinics and workplace wellbeing services are united in our purpose **to build a healthier nation**. For the last 60 years, every single day, our **team of experts** have been working together to make the UK fitter, healthier, happier and stronger. All for the public benefit. So, it's no surprise that we're trusted by the NHS, private medical insurers, employers and the general public to provide exceptional health and wellbeing services to the nation.

As a **trading charity with no shareholders**, we invest all our income back into this vision to build a healthier nation – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first. We constantly strive to help even more people right through the different stages of their lives, or to expand our ability to help those who couldn't normally afford or access our services.

Everything you need to know

We know your job is time consuming – that's why we want to make referring your patients as easy as possible for you. This directory is designed to help you do just that, and contains all the essential information you'll need in terms of the core clinical services we offer and where we offer them. You will also find a full directory of our consultants too.

How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self-funded
- Insured
- NHS e-Referral Service – patient choice

Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients who are paying for themselves

For patients who want to fund their own treatment we can provide a range of services. All our patients are covered by the Nuffield Health Promise, and there is also the option of an interest-free loan.

Patients via NHS e-Referral Service

Your patients can also be referred via the NHS e-Referral Service – formerly choose and book (www.nhs.uk/referrals). You and your patients can select the most convenient time, date and place of treatment for those NHS services that we currently have listed on the NHS e-Referral Service web portal.

Mammogram self-referral criteria – aged 40+, no mammo in last 12 months, non-symptomatic.

Award winning healthcare.

At Nuffield Health, we're proud that we have the highest **Care Quality Commission** ratings in the private hospital sector. For the third year running, we were named Private Hospital Group of the year at the **HealthInvestor Awards** and for the second year running at the **LaingBuisson Awards**.

We can be trusted to provide excellent treatment and care.

Clear and simple pricing.

When it comes to the way in which patients pay us, transparency and clarity are key. That's reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves.

What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

OUR PRICES ARE ALL-INCLUSIVE*
The confirmed price is all your patient will ever pay.

WE WILL EQUAL ANY COMPARABLE PRICE**
If they find a better price for the same procedure package, we'll match it.

THERE ARE NO TIME LIMITS ON AFTERCARE***
We'll be there for as long as they need us.

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. "Clinically required" indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at nuffieldhealth.com/promise.

Associated services.

Health assessments

Whether patients want a broad outline of their health or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns, like diabetes, heart health, cancer risk and emotional wellbeing.

With four options to choose from, patients have the choice of picking an assessment that meets their needs, with all of the following coming as standard:

- Results given straight away
- Personalised report with test results and next steps, call **03452 302040**
- 30-day gym trial to start the journey towards improved health
- Quick and easy referrals (if needed)

Local Fitness & Wellbeing club

The most important thing to us is getting your patients fit and healthy with our network of fitness experts and cutting-edge facilities. Our clubs have a huge range of facilities and services available and gives you access to our on-site experts including personal trainers and physiotherapists, plus regular Health MOTs.

Our local Fitness & Wellbeing club

Nuffield Health Gosforth Fitness & Wellbeing club
Gosforth Park Way, Newcastle upon Tyne NE12 8ET
0191 2130070

Physiotherapy

Our hospital is home to one of Nuffield Health's specialist physiotherapy centres, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. Our team at this hospital are listed in the physiotherapy section of this directory – alternatively, call us on **0191 2125241** or **03450 454845**.

Diagnostic imaging services

Nuffield Health has comprehensive imaging capabilities delivered through our 31 hospitals. We provide a wide range of imaging modalities including MRI, CT, X-ray, Ultrasound, Mammography and DXA. Our consultant-led service ensures that your referral will be reported by an experienced radiologist.

Current diagnostic services available at Nuffield Health Newcastle Hospital include:

- MRI
- CT
- General X-ray
- Fluoroscopy
- Ultrasound: general
- Mammography

Hospital sterilisation services unit

Nuffield Health's HSSU offers a bespoke decontamination service for re-useable medical devices (surgical instruments) from seven purpose built units throughout England, with access to fully supported and expert mobilisation and transition planning.

Free CPD education learning: Lunch and evening events.

Nuffield Health Newcastle upon Tyne Hospital run a successful calendar of GP education events available to employed and locum GPs within the region as well as physiotherapists, nurses and opticians who may benefit from the lecture.

All events are free and attendees will receive a certificate at the end of the event which will go towards their revalidation. They are consultant-led and clinicians have the unique opportunity to ask questions directly relating to their practice and patients. They are held within the comfort of the Nuffield Health Newcastle upon Tyne Hospital during the evening.

We understand that you can't always attend our hospital for learning events but have educational needs to fulfil, so why not let us come to you?

Lunch (or Breakfast) and Learn is an alternative way where we can bring the education to your surgery. The learning session will be up to an hour and all participants will receive a certificate to count towards your professional learning development. Why not have a chat with your GP colleagues to establish specific learning subjects that we can help with and we will do the rest.
