

# Admission Terms and Conditions

## 1.0 General Statement

**1.1** When we admit a child to the nursery we sign to an agreement with the child's parent/carer. This enables us to work together in partnership to meet your child's needs and open to clear channels of communication. At Nuffield Health, we aim to provide high quality care and education for all children in the nursery setting. We will provide carefully thought out activities appropriate to the children's ages and stages of development, encompassing the Early Years framework. We will provide a safe, stimulating and caring environment where children feel valued and secure. Our objective is that by participating in a range of activities, children will develop physically, emotionally, socially and intellectually and will foster a disposition for learning independently and with others.

**1.2** Nuffy Bear Day Nurseries are committed to ensuring that those working or using the nursery will be treated fairly and equally valued as individuals, whatever their race, gender, sexual orientation, disability, religion, culture or language. We will not tolerate words or behaviour that is discriminatory.

## 2.0 General Data Protection Regulation

**2.1** The information that you provide to us, whether mandatory or voluntary, will be regarded as confidential. We do not share information about your child with anyone without consent unless the law and our policies allow us to do so. We manage Data Protection through Privacy and Retention Policy, this policy is available at any time from the Nursery.

## 3.0 Learning and Child Development

**3.1** All children joining Nuffy Bear Day Nurseries will have a learning journal. This will chart their progress through the nursery and will include milestones of their development. This is a shared document, which parents have the opportunity to see when they wish and is shared regularly in a meeting with your child's key worker. Parents/carers are encouraged to make comments or add to the information in their child's learning journal by use of a WOW sheet.

**3.2** If we feel that your child may benefit from extra help from outside agencies, such as a speech therapist, we will discuss this with you in a sensitive and confidential manner. If you feel that your child needs additional help, we will be happy to arrange this with you. All issues relating to individual children will be treated professionally and confidentially.

**3.3** Parents/carers have the opportunity to chat informally on a daily basis with their child's key worker and can request individual meetings when needed.

**3.4** Swimming lessons are provided for children aged three and over as an addition to the child's learning; the sessions are subject to change to unforeseen circumstances and availability. The aim of the swimming lessons is primarily water confidence, learning simple strokes and having fun in a water environment.

## 4.0 Safeguarding

**4.1** Nuffield Health team are cleared through DBS before supervising children. If a team member suspects child abuse of any type: - Physical, neglect, sexual or emotional abuse, this will be reported to the designated child protection officer within the centre, who will in turn take appropriate action in accordance with the Local Safeguarding Children's Board as part of Nuffield Health's obligations to children. These concerns will be kept strictly confidential with the parent/carers, unless such discussions would place a child at risk of significant harm.

## 5.0 Security and Late Fees

**5.1** The security and safety of your child is priority in the nursery and we have detailed procedures in place to ensure that this is maintained at all times.
