OUR PRICES ARE ALL-INCLUSIVE*

Your confirmed price is all you'll ever pay

WE WILL EQUAL ANY COMPARABLE PRICE**

If you find a better price for the same procedure package, we'll match it

THERE ARE NO TIME LIMITS ON YOUR AFTERCARE***

We'll be there for as long as you need us

Timeframes indicated may vary depending on choice of Consultant, type of diagnostic investigation, and procedure package. *Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your chosen Nuffield Health hospital. We will match against written quotes only. *** Where necessary, we promise to assist you to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. Clinically required indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at nuffieldhealth.com/promise.

How to refer your patients.

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

- Self Pay
- Insured
- NHS - Patient Choice
- NHS - via Local Contract

Patients with health insurance

We have agreements with all major insurers. In most cases a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients who are paying for themselves

For patients who want to self-pay for their own treatment we can provide a range of services. All our patients are covered by the Nuffield Health price promise, and there is also the option of an interest free loan.

Patients via NHS e-Referral Service

Your patients can also be referred via the NHS e-Referral service - choose and book (www.nhs.uk/referrals). You and your patients can select the most convenient time, date and place of treatment for those NHS services that we currently have listed on the NHS e-Referral service web portal.
