

# One Nuffield Health Employment Contract Proposed changes for current Corporate Fitness employees

As part of our One Nuffield Health strategy we are introducing a new One Nuffield Health set of employment terms and conditions.

The new contract represents a great deal for Corporate Fitness employees who will benefit from increased sick pay entitlement and in most cases increased holiday entitlement as well. This contract brings parity for fitness employees with other areas of Nuffield Health for the first time and is a key step towards the One Nuffield Health vision. In addition, fitness employees will benefit from company maternity, paternity and adoption pay.

## **Holiday entitlement**

Employees on a corporate fitness contract will be entitled to a minimum of 25 days holiday entitlement increasing to 27 days after 5 years service and to 30 days after 10 years service. Employees who currently have 8 or 9 years service will have their holiday entitlement ring-fenced so that there is no loss of holiday. Bank holiday entitlement will be in addition.

## **Sick Pay**

The number of weeks sick pay entitlement is increased for all employees. In addition, Managers will have the discretion to extend sick pay to 6 months for employees with serious long-term conditions subject to Executive sign-off.

<b>Holiday Entitlement</b> (in days)			Sick Pay Entitlement From 1 April 17	
Length of Service in full years as at	Current	From 1 Jan 17	Length of Service (in years)	Weeks Pay
1 January	contracts		< 6 m	1

9	29	27	9	24
10	30	30	10	26

We will be providing more guidance in due course on managing employee sickness absence and pay.

#### **Zero Hours contracts**

Current employees on Zero Hours contracts will remain on zero hours terms and will benefit from the improved terms, conditions and benefits described above.

## Full time working hours

We will now start to move towards a full-time contract of 37.5 hours for all of the business. This change will be implemented via a phased approach over 2017-2018 to ensure that managers have sufficient time to plan and cover rotas; further details will follow in due course. No-one will have to accept a reduction in hours (and therefore pay) as a result of this change. Where we have a contractual obligation to provide gym floor cover for 8 hours per day and only 1 employee to cover the gym, we will retain the 40 hour working week until we can re-negotiate the business contract.

## Change of role

Employees who apply for and accept a new role or promotion will be offered their new job on the new contract, however, holiday entitlement will continue to be ring-fenced up to the maximum of 30 days.

## Local changes

We are in the process of reviewing any local, ad-hoc arrangements currently in place and will consult with you about any potential changes in due course.

#### **Benefits**

#### **Maternity and Adoption Pay**

These benefits have been improved to bring them in line with other areas of the business. Entitlement will increase to 10 weeks full-pay; 16 weeks half pay plus SMP (up to maximum of full contractual pay) and 13 weeks SMP for employees whose EWC or Adoption date falls on or after 1 January 2017.

#### **Paternity Pay**

This benefit has been increased to 1 week of full pay and 1 week of statutory pay for any employee whose partner's EWC or adoption date falls on or after 1 January 2017.

## Gym membership

To align the One Nuffield Health gym membership benefit and meet HMRC guidance, we will now be reducing partner and dependent child memberships from £15 per month to £5 per month. Subject to eligibility criteria.
