How to refer your patients

Referring your patients for a wide range of health and wellbeing services at Nuffield Health is quick and simple. We accept the following patients:

Patients with health insurance

We have agreements with all major insurers. In most cases, a GP referral is required when patients are using health insurance. Patients will need to have their health insurance policy details and authorisation number available when booking or attending an appointment.

Patients via NHS e-Referral Service

Your patients can also be referred via the NHS e-Referral Service – formerly ‘choose and book’ (www.nhs.uk/referrals). You and your patients can select the most convenient time, date and place of treatment for those NHS services we currently have listed on the NHS e-Referral Service web portal.

Call **08000 155020**
Fax **08004 715058**
Email chooseandbook@nuffieldhealth.com

Patients who are paying for themselves

When it comes to the way in which patients pay us, transparency and clarity are key. That’s reflected in the Nuffield Health Promise: our pledge to patients who are paying for their treatment themselves. What it means: a clear and transparent price for treatment, the very best in clinical care and no limits on aftercare either.

- ◆ The confirmed price is all your patient will ever pay*
- ◆ If they find a better price for the same procedure package, we’ll match it**
- ◆ There are no time limits on aftercare.***

There is also the option of an interest-free loan.

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your patient’s procedure price. **Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of the patient’s chosen Nuffield Health hospital. We will match against written quotes only. ***Where necessary, we promise to assist your patient to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your patient’s procedure, this is guaranteed for the manufacturer’s expected prosthesis lifetime. “Clinically required” indicates where further intervention and/or monitoring of your condition is deemed necessary as a direct result of your procedure. The Nuffield Health Promise applies for patients paying for themselves and excludes fertility services. Find out more at nuffieldhealth.com/promise.

Patient safety is our number one priority

We want to reassure you and your patients that we’ve put in place safety measures to make our hospital COVID-19 secure. We’re offering telephone and online consultations, as well as face-to-face appointments, so whether your patients’ appointment is from home or in person, they’ll be in safe hands with high-quality, award-winning healthcare from experts they can trust. All our measures follow UK government and Public Health England guidance and are implemented by the Nuffield Health infection prevention team.

How patients feel tomorrow starts today

At Nuffield Health hospitals, we put patients' safety first in a COVID-19 secure environment. We have a dedicated team of experts your patients can trust, offering a range of award-winning healthcare services.

Working with you, for your patients.

Associated services

Connected health is a key aspect of our patient focus. From diagnosis and monitoring, to treatment and recovery and then beyond to ensure patients get well and stay well.

Health assessments

Whether patients want a broad outline of their health, or have something more specific in mind, our health assessments provide a comprehensive overview and cover key health concerns like diabetes, heart health, cancer risk and emotional wellbeing.

- ◆ Results given straight away
- ◆ Personalised report with test results and next steps
- ◆ Quick and easy referrals (if needed)
- ◆ Patients now have the option to have an online health assessment including at home pathology testing.

nuffieldhealth.com/health-assessments

Emotional wellbeing

We offer a range of flexible, effective psychological therapies that can help improve and maintain mental health, and any therapy we offer will be tailored to the unique needs of your patients. Our full range of emotional wellbeing services are also available remotely.

An initial telephone assessment with one of our mental health professionals takes 30 minutes and can typically be arranged within 24 hours, giving your patients rapid access to advice and reassurance. Following this, a mental health professional will recommend the most appropriate service, from Cognitive Behavioural Therapy, guided therapy or self-help online.

nuffieldhealth.com/mental-health-support

Patients accessing any of our services also benefit from a 30-day free gym pass.

Physiotherapy

Our hospital is home to a specialist physiotherapy centre, providing a full range of musculoskeletal services delivered by quality practitioners using leading-edge technology. Our team are listed in the physiotherapy section of this directory.

nuffieldhealth.com/physiotherapy

Associated services cont.

Diagnostic imaging services

We have comprehensive imaging capabilities including:

- ◆ MRI
- ◆ CT
- ◆ X-ray
- ◆ Ultrasound
- ◆ Mammography
- ◆ DXA.

nuffieldhealth.com/healthcare-professionals/diagnostic-and-specialist-services

Pathology

We have a national, integrated laboratory testing service with a network of fully accredited laboratories around the country. Linked by a nationwide pathology IT platform, hospitals can provide accurate lab reports with a quick turnaround and feedback on outcomes backed by a wealth of data.

nuffieldhealth.com/healthcare-professionals/services/pathology

Hospital sterile services unit (HSSU)

Our HSSU offers a bespoke decontamination service for re-useable surgical instruments from seven purpose built units throughout England. Our team can offer advice on decontamination for your surgery.

nuffieldhealth.com/healthcare-professionals/services/hssu

Working with you, for your professional development

Whatever your professional interests or goals, we're on hand to support you at every step. Your dedicated GP liaison can develop a bespoke CPD-accredited educational programme for all the HCPs in your practice:

- ◆ Covering topics tailored to your needs
- ◆ Free to attend
- ◆ Delivered online
- ◆ Flexible formats that work around you.

nuffieldhealth.com/healthcare-professionals/events-for-gps

Free online education for all healthcare professionals

Access our educational materials whenever and wherever it suits you. Monthly webinars and podcasts delivered by leading clinicians and presenters.

Who can attend?

Our education program is open for all healthcare professionals to attend. The program is designed around current trends and topics related to the primary care setting. Our programme can be tailored to the needs of your practice:

- ◆ Primary care GP's
- ◆ Pharmacists/dispensers
- ◆ General practice speciality training
- ◆ Registrars
- ◆ (GPStR)
- ◆ Nurse practitioners
- ◆ Unscheduled care clinicians (USCC)
- ◆ Nurse prescribers
- ◆ HC community teams
- ◆ Student nurses
- ◆ RGN nurse.

CPD certificate

After the event we will send out your CPD certificate, please make sure we have your correct contact details.

How to book

To register and book your chosen event visit
nuffieldhealth.com/healthcare-professionals/events-for-gps

For further information contact GP Liaison Manager Jane Wilson on **07970 447 900** or email jane.wilson@nuffieldhealth.com

Working with you, for your community

Our flagship programmes are a range of free or subsidised services, which address unmet health and wellbeing needs in local communities. Designed to help people get well, stay well and live well through the different stages of their lives.

STAMINA Research

The world's largest clinical research programme into how supported exercise can help men living with prostate cancer and receiving Androgen Deprivation Therapy, in partnership with Sheffield Hallam University.

Cystic Fibrosis Programme

Supporting young children living with cystic fibrosis to take part in exercise through our free tailored programmes.

Schools Wellbeing Activity Programme (SWAP)

A free six-week wellbeing programme empowering children to improve their overall health and wellbeing.

Meet Our Experts events

As a charity, we run regular sessions with the support of our on-site experts, giving members and non-members a chance to learn about health and fitness. These events cover everything from injury prevention to skin care.

We are the UK's largest healthcare charity*

We are the UK's largest healthcare charity. For over 60 years, our team of experts have been working together to make the nation fitter, healthier, happier and stronger. Today, our purpose remains the same: to build a healthier nation. We're proud we are able to invest all our income back into this vision – whether that's through outstanding day-to-day services, or by pioneering improvements in care so more people can benefit: our customers and patients always come first.

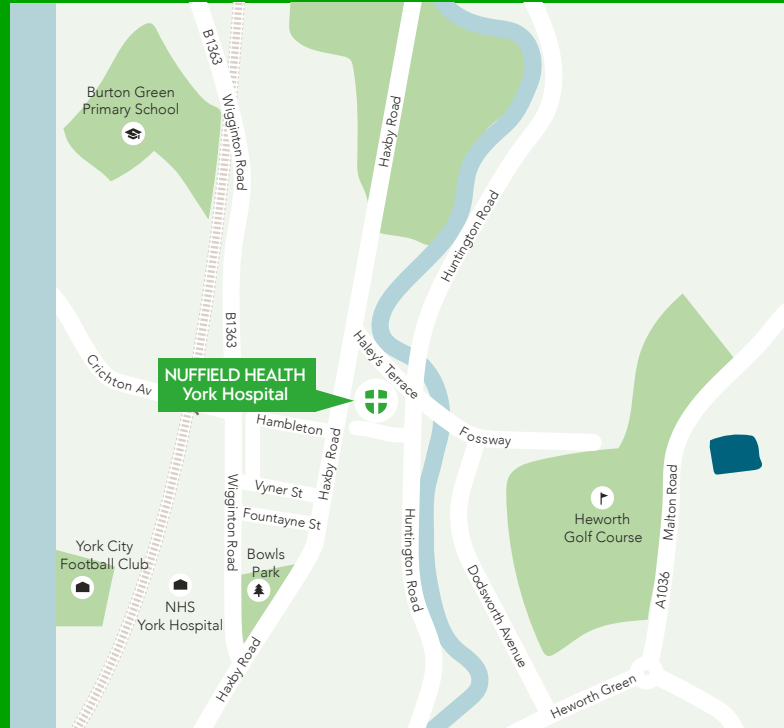

The COVID-19 pandemic has presented all of us with new challenges, and our purpose of building a healthier nation has never been more important. In 2020 and 2021, we proudly made our 31 hospitals available to the NHS, and so far, we've treated over 270,000 NHS patients during the pandemic.

In addition to treating patients during their illness, our unique connected healthcare offering enables us to support their recovery and rehabilitation requirements. Working in collaboration with the NHS, we've developed a new COVID-19 Rehabilitation Programme that offers a blend of physical therapy and emotional support. This free 12-week programme is delivered virtually for the first six weeks and the remainder is in a selection of our 113 fitness and wellbeing centres.
