

Services for children

We understand that if your child needs to visit a hospital it may be a worrying time for the whole family.

That's why we do everything we can to make your child's stay as stress-free as possible, including working with some of the most experienced paediatricians, leaving you to concentrate on the most important thing for your child - helping them get better.

Keeping you informed

Before your child comes to us, we send you a special patient information pack, so that that you have all the information you need to help you and your child prepare. We'll send you home with

Visiting and staying with your child

We have an open visitor policy, so your child can enjoy the comfort and support of having friends and family visit anytime. We also provide facilities for parents to stay, friendly nurses, private rooms with en-suite shower rooms in most locations.

Food & drink

We also know how fussy your little ones can be with food, so we offer a special children's food and drink menu to make sure they have the sort of food they're used to at home.

A wide range of services

Most Nuffield Health hospitals provide comprehensive, expert care for children and young people and our services include both inpatient and outpatient services, plus a wide range of consultant clinics and surgical care. For your peace of mind, our teams are also trained in emergency care.

Many of our hospital's treat children from aged three to eighteen and some even younger. Both before and after the procedure you will be given a specially designed children's information pack. After your child goes home you have a 24 hour telephone service at your disposal.

For detailed information about our range of services, please speak to your nearest Nuffield Health hospital - 0845 602 9262.
